Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole  $\longrightarrow$  signifie "A SUIVRE", le symbole  $\nabla$  signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. ## PROSPECTUS

The properties of the Moose Mountain Oil Company, Limited, comprising an area of 3,200 acres, are strategically located in what is recognized as the most favorable geological formation in the petroliferous area of Southern Alberta. This company is particularly fortunate in having properties contiguous to those selected by the eminent British geologist, Mr. E. H. Cunningham Craig, for the British-Alberta Oil Co. The record of oil production from the properties selected by Mr. Craig in many of the world's great oilfields has attracted the attention of oil operators the world over, and caused active movements to follow his judgment when expressed favorably regarding any field. He has, with characteristic caution, spoken favorably of the oil possibilities of certain districts in Alberta, and the fact that he selected for the British-Alberta Oil Co. where they are now drilling has drawn attention to that district. The property of the Moose Mountain Oil Company adjoining that section selected by Mr. Craig, on which their first well is being drilled, was secured for this company prior to Mr. Craig selecting for his company, which endorsed and commended the geological selection of this property. The Directors of the Company, after very favorable geological reports, unhesitatingly invite the public to subscribe to this stock.

The Directors of the Company particularly invite the closest examination of all contracts entered into regarding the formation of this Company, as it has been the aim of the Directors to form a model company.
